Tri-Code H.S. Electronic Key Machine

MODEL NO. ILCTRICODEHS

Cuts High Security "Laser Style" Automotive Keys by Code or Duplication

Fast, easy to operate, the Tri-Code H.S. Electronic Key Machine delivers consistent, dependable results! Simple to operate, this machine eliminates the guesswork and effort associated with cutting "laser type" automotive keys. In addition to providing "factory perfect" results when originating a key, the Tri-Code H.S. also excels when simply duplicating a key. If key wear is detected on the pattern (original) key, the machine automatically corrects it, producing a duplicate that is cut to original factory specifications with tolerances of +/- .001".

Features:

- Fast, easy-to-operate
- Automatically compensates for worn cuts when duplicating a key
- Electronically controlled operations
- Internal database contains key codes and cut specifications for popular automotive "laser key applications"
- Fully equipped, ready to cut keys
- 3 Year factory warranty from date of purchase

Specifications:

Power: Single phase 110 volt AC, 60 hz

Cutter: H101, Cobalt tool steel.

No optional cutters required!

Movements: Stepper motor controlled carriage movement.

Vise Jaw: 3-position "multi-purpose" type

Warranty: Three years, parts & labor (*except cutters*)

Free software updates for one year

Tolerances: X-Y Axis = +/- .001"

Dimensions: 19.67" W x 19.67" D x 18.89" H
(27.5" with shield raised)

Weight: 95 lbs.

Dealer Price:

\$7,494.00

MODEL NO. ILCTRICODEHS

- **THREE POSITION VISE JAW:** Three position vise jaw, depth dial, and multitask, cobalt steel cutter provides exceptional versatility. You can cut a wide variety of key types with no additional accessories to purchase!
- **SOFT TOUCH KEY PAD:** Simple to follow menus, "soft touch" key pad, and easy read LED display simplify machine operation to the point that nearly anyone can learn to use the Tri-Code H.S. in just minutes.
- **DEPTH CONTROL DIAL**
- **SAFETY SHIELD:** Isolates moving parts and helps contain chips created during cutting process
- **BUILT-IN LIGHT**
- **UPLOAD PROGRAM SOFTWARE:** Updating the machines internal database of codes and cut information is easy! Simply connect to a PC to load an update program CD.
- **EMERGENCY SHUTOFF BUTTON:** Easy access shut-off button immediately stops the machine at any point during the cutting process.
